

Response Planning Team Update – March 23, 2020

The Provincial Response Team (RPT) met on Friday, March 20, 2020. The purpose of the meeting was to identify the strategy and structure on how to move forward as an education sector. It was important to ensure we leverage the expertise that currently exists in school divisions and within the ministry. Two subcommittees are being formed: the Instructional Services Team and the Corporate Services Team. These two teams will work together, with the sector, to answer questions and provide provincial level direction on operational matters. The chairs of the teams will provide regular updates to the RPT. Provincial communication will continue to come from the RPT.

The composition of the teams may change given the evolving environment and needs of each group.

Both teams are scheduled to meet Monday, March 23, 2020.

Corporate Services Team

The Corporate Services Team is tasked with establishing a mechanism by which school division staff may obtain consistent responses on any critical operational decisions or create new processes to meet the challenges presented by the Covid 19 pandemic.

Members

Chair – Darren McKee

SSBA – Darren McKee

LEADS – Kevin Garinger, Kyle McIntyre
